

Learn Principles of Water Safety At Pool

Youngsters taking the Lifesaving course at the Antioch Pool were given final tests last Thursday at the pool.

Seniors who pass the tests receive certificates good for three years, when they must again pass the tests to renew their certificate. Juniors who successfully complete the course and tests get a certificate that is good until they are 16 years old.

Seven Seniors passed the tests. They're Glenna Burns, Bob Davis, Linda Karr (both of Lake Villa), Nicky Nissen and Nancy Queen of Antioch, and Robert Richardson of Spring Grove.

Twenty-two Juniors took the course. About 80% passed the tests. The swimmers are judged on both written and physical work.

The written test includes a probing of the students' basic knowledge of personal safety in the water and their

ability to protect themselves. "Always know your own ability and abide by it. Don't panic," was the partial answer given by one student to the question of basic water safety. "We teach the students to protect themselves in the water, then help others according to their ability," said Charlotte Queen, in charge of the course.

Students "rescue" drowning instructors as part of the test. Tests include rescuing both passive (unconscious) victims, and struggling victims.

As part of these tests, they must do acceptable shallow dives, spread eagle jumps, demonstrate the basic approach stroke, how to break holds of struggling victims, how to hold the victim while towing them to land, how to carry them out of the water, and artificial respiration.

For passive victims, they

use a head-up crawl stroke approach, swing the victim onto their backs, and use a chin pull and hair carry. Struggling victims are approached with a breast stroke, a front head hold is used and a cross-chest carry.

Only one Lifesaving course a year is offered at the pool. However, the second series of swimming classes started July 12 and will continue until July 23. Registration for these classes was heavy, Mrs. Queen reports.

The recently-formed Speed Swim Club has proved popular, with about 20 members already signed up. Officers were elected: president, Ron Hellstern, Lake Villa; Donald Harper, Lake Villa, vice president; secretary, Linda Jo Karr, Lake Villa, and treasurer, Candy Meyer, Antioch.

Members in the Swim Club are still welcome. Only requirement is to be able to swim in deep water.

Go Ahead With Plans To Beautify Antioch Corner

The Antioch Chamber of Commerce made plans to proceed with the improvement of the area around the information booth at the corner of Lake and Main St. at Monday's luncheon meeting at Lorenz's Smart Country House.

President Richard Miller disclosed plans to build a large planter in the center of the area, to contain flowers. Dick's Tree Service, he said, had volunteered to plant two mature trees for shade.

With benches, shade and attractive greenery, members agreed the improvement would be well worth the investment. Though Mr. Miller suggested waiting for approval of the balance of the membership, members present urged that work on the project proceed at the discretion of the Board of Directors, with expenditures not to exceed \$750.00.

John Romer reported that the signs erected by the Chamber honoring Antioch champion basketball team had been changed to honor the champion track team. However, the sign on North Ave., he said, had been destroyed by vandals.

Mr. Romer also reports that plans for extensive recognition of Fire Prevention Week in October are in the works, with a Dr. Marshall plan and cooperation with the Antioch Fire Department part of the program.

The Antioch Village board Tuesday night accepted the low bid of the Bob Johnson Construction Co., of Morton Grove, for installation of sewer and water mains at the new village well.

The bid of the Bob Johnson Construction Co. was \$16,718.75. Three other bids had been submitted—Illinois Underground Construction, \$19,947.00; Lake Forest Sewer & Water, \$19,573.50; and E. Robinson Construction, \$19,721.05.

In other business, the board instructed that letters be sent to all owners of neglected lots in the village, notifying them that the lots must be moved.

Chicago Youth Drowns At Loon Lake

An 18-year-old Chicago youth who fell out of a boat at Loon Lake Sunday afternoon, July 11, drowned when he apparently became entangled in weeds.

James Edward Bimel, 1807 N. Hoyne, had camped out with three companions at property owned by Marcel Kulp, Loon Lake. His three companions were, Delvin A. Halliwell, 1747 N. Hoyne Ave.; Fay Schmitt, same address, and Bill Smith of 1855 N. Damen Ave.

Halliwell said he couldn't get the motor on their boat to work and they started rowing the boat. Bimel and Schmitt were oaring and Bill Smith was casting.

Bimel and Smith changed places and Bimel started fishing. He leaned over the side of the boat and rolled into the water. Halliwell said he didn't come up.

Halliwell said he dived but couldn't locate Bimel. The Antioch Rescue Squad was called and recovered the body at 1:13 p.m. They were unable to revive him and he was pronounced dead at the Antioch Clinic.

James Bimel was born June 21, 1947, in Baraboo, Wis. He had lived at 1807 N. Hoyne for the past ten years. He is survived by his parents, Clyde H. and Irene Bimel, with whom he made his home. He was a sophomore in a Chicago high school. Funeral services were held from a Chicago funeral home on Wednesday. Local arrangements were made by the Strang Funeral Home in Antioch.

Antioch Man Stabbed In Trevor Bar

Richard Pablik, 24, Antioch, was taken to the Antioch Clinic, then to Victory Memorial Hospital last Friday night after being stabbed twice in Ed and Lil's Tavern in Trevor.

Kenosha County deputies were called to the scene and found Arthur LaFlamme, Rt. 3, Trevor; holding Antonio Gomez, 47, Salem. Gomez was arrested on suspicion of a felony.

Pablik was reportedly stabbed in the hand and stomach and was reported in good condition at the hospital.

Eight patrons were in the tavern at the time of the stabbing, but none of them actually witnessed the incident.

Something For Everyone At Lake County Fair

Fair time is just around the corner, with the 37th annual Lake County Fair starting July 28, and both the Illinois and the Wisconsin State Fairs scheduled for August 13-22.

The county and state fairs offer a variety of entertainment for everyone, from

Beauty Contests to exhibitions of prize animals, from the rides and booths of the Midway to foods of every description.

The Lake County Fair is combined with the Lake-North Cook County 4-H Club Show. It runs for five days

and nights, from July 28 to August 1. Hours are from 9 a.m. to 11 p.m.

The fair will be held on the Lake County Fair Grounds located on Route 45, about one-half mile north of Route 120, one mile east of Grayslake.

While the Lake County Fair still maintains much of the old county fair with its livestock, crops and home-making art exhibits, it has kept up with the times to make this an exposition of interest to everyone.

The midway, with its many rides and booths, will provide a sparkling carnival atmosphere throughout the fair. Purebred pedigreed stock will be on display. For those who prefer their livestock in action, there will be a rodeo, a pony show, and 4-H and open class horse shows.

Wednesday, July 28, the opening day, will start with the 4-H Horse and Pony Show at 8 a.m. More than 150 members will perform in 17 different performance classes.

At 9 a.m. Wednesday, there will be judging of fine arts, 4-H dairy, 4-H swine and 4-H economics booths. At 10 a.m., judging of many other exhibits will be held with judging going on throughout the day.

Organ music will provide an accompaniment to the fair activities throughout the day and evening. At 7:30 p.m. Wednesday, queen candidates will be introduced, and at 8 p.m. there will be entertainment by 4-H Club Fun Festival winners.

A special pigeon show has been set up for the fair this year, with judging at 10 a.m. Thursday, July 29. High-light of Thursday will be the crowning of the 1965 Fair Queen at 8 p.m. and the talented Teens variety program at 8:15 p.m.

Friday July 30, there will be judging of the halter classes in the Appaloosa Horse Show at 9 a.m. A 4-H Club Bicycle Riding contest will be held at 10 a.m. and performance classes of the Appaloosa Horse Show at noon. The rodeo will start at 3 p.m. The rodeo will include saddle bronco riding, bareback riding, bull riding, bull dogging, calf roping, trick riding, trick roping, Roman riding, jumping horses, horse acts, mule acts, and one of the best clowns in the business. There will be rodeo performances also on Saturday and Sunday evenings. Fireworks will follow the rodeo at 10 p.m.

The Western Horse Show will be one of Saturday's highlights. At 3 p.m., there will be a public auction of champion steers, wethers and barrows. Miss Lake County Fair Queen of 1965 will lead the parade at 7 p.m., followed by the rodeo and fireworks.

The Shetland Pony show will start at 9 a.m. Sunday, August 1. There will be a tractor-pulling contest at 1 p.m., a parade at 7 p.m. and the rodeo at 8 p.m.

"Music Man" Starts Friday

"The Music Man" will be coming to the Palette, Masque & Lyre Theater on Main St. in Antioch this Friday and Saturday, July 16 and 17. The show will also run through the next Friday, Saturday and Sunday nights. Maja Cardiff and Wes Camp play the lead roles in the musical comedy, the story of a fast-talking salesman who gets crossed up in his schemes by love. Setting of the story is River City, Iowa, in 1912.

Youngsters have featured parts in the show. Laurie Davis and Pam Hunley alternate in the role of Amariyllis; Rickie and Jerry Smouse alternate in the role of Winthrop Paroo. Tickets for "The Music Man" may be ordered by phoning 395-3611.

Cops Raid Teen-Age Beer Party

Antioch police nipped a teen-age beer party in the bud last Saturday night when they raided an apartment on Main St.

Police chief John Heick said he had been tipped off that the party had been switched to the Antioch location after being scheduled for a small town in Wisconsin.

Heick said there were only two teen-agers in the apartment when he entered. More came in after he arrived. None appeared to have been drinking so they were released.

The tenant of the apartment at 895 Main St., Mrs. Joanne Franz, was charged with disorderly conduct and will appear in Round Lake Beach Magistrate's Court on July 28.

Heick entered the apartment after a complaint from the parents of one of the girls who had previously attended one of the parties.

C. D. Course Starts At Fire Station

The Civil Defense Course in Radiological Monitoring started last Monday night at the Antioch Fire Station with nine "students" in attendance.

Instructors—Wilcy Krapi and Hiram H. Cotton, both of Zion, are instructors for the course, designed to train men in the use of instruments to detect the radiation and determine the degree to which any material is contaminated.

The instructors brought several tiny parcels of radioactive cobalt with them for the students to practice detection. The radio-active material was encased in lead-lined cases.

Monday night's session ended with a serious game of "high-spy". The instructors hid the small packets of radioactive material around the room, then called the students in to locate the packets with Geiger counters.

Anyone interested can still take the lessons. They're held at the Fire Station every Monday night at 7 p.m., each session lasting about two hours.

Church Looks For Site

St. Stephen Lutheran Church of Antioch has recently completed a successful funding campaign for current and benevolent needs and is now in search of a suitable site on which to build a church.

Requirements of from 3 to 5 acres of land have been set by the Board of American Missions of America which is the supporting body for St. Stephen. A concentrated effort will be made by the congregation to raise funds for a first unit, probably some time this fall. Additional building space will be added as the need arises.

155 Persons attended the recent worship and installation service, at which time Pastor Wilton Anderson was

installed as Pastor of the newly organized congregation. Prior to organization, the Pastor was directly related to the Board of American Missions, LCA which has its headquarters in Chicago.

The installation service was conducted by Dr. Robert J. Marshall, President of the Illinois Synod of the LCA, under whose direction the organized congregation now exists, along with some 350 other congregations in Illinois.

Members of the Site Committee for the congregation are: Mr. Jack Bletsch, Mr. Norman Golden, Mr. Edwin Gustafson and Mr. Elmer Witt. The committee is interested in knowing of as many sites as possible in or around the Antioch area.

Even if this is the dawn of a bright new world, most of us are still in the dark.

Spare The Rod—

A small percentage of the town's population keep the police busy. They're the "repeaters", mostly juveniles, who hop out of one scrape into another.

They steal cars, money, watermelons—they damage private and public property. They start fights, speed and make general nuisances of themselves.

And what happens when the police finally get a good, solid case on these repeaters and haul them into court? The judge puts them on probation and tells them to go home and be good boys.

And what happens after they leave the courtroom? They have a good laugh, at the expense of the judge, the police and the general public, and pursue their merry, vandalistic way.

Eventually, they reach the magic age—18. By now they're pretty skilled in the art of committing criminal acts. They may cost a lot of people a lot of money before they get caught as adults.

And now they get a grievous jolt. They're adults. They have to answer for their sins. In one magic day, they were supposed to become responsible people.

It's a dirty trick. They should have been eluded in on the first offense. If not the first, certainly the second. They should have been sent out and put on some hard, grueling work, under a watchful eye, to pay the exact amount they stole, or ruined.

"Kindly" judges don't want to "spoil their lives", hold them up to public calumny, so they put them on probation. They return home to the same circumstances that they left. There's nothing or no one to see that they change their ways. So, usually, they don't.

They brag to their friends about how easy they got off. And they and their friends acquire a little more contempt for "cops", and judges, and law and order.

They'd have happier lives if someone could convince them, while they're still very young, that crime really doesn't pay, and that they, too, can find pleasure and profit in hard work and a decent life. Words won't do it. Neither will simply releasing them without punishment when they commit crimes.

So some of them die very young, from a stray bullet or in a crack-up in a stolen car. And some of them become shambling, shifty-eyed middle-aged men who spend most of their lives in jails for petty crimes.

Too bad someone doesn't care enough to pound some sense into their heads. Too bad the law protects them so zealously that it disregards their needs.

Courthouse Notebook

BY LOU DURKIN

The next county-wide primary election will be conducted under the new election schedule which moves the election date back to June, but this hasn't slowed down the early maneuvering for position among the possible candidates for county office.

Most of the interest has centered on the Sheriff's race with the Lake County Crime Commission helping to stir the flames of controversy, but there are stirrings of action in other sectors as well.

To be elected in addition to the Sheriff in 1966 will be the County Treasurer, County Clerk, and County School Superintendent—with only the Treasurer post certain to change hands because of the state law prohibiting the incumbent, Karl Berning, from succeeding himself.

Berning's staff at the present time includes two young men who have indicated more than passing interest in the office.

This would be Terry Tucker and Jack Anderson, but both have indicated they are willing to wait awhile before becoming candidates which leaves former treasurer Guy O. Lunn as the most likely

aspirant from the office.

In the normal course of events Lunn would have been the candidate to succeed the late Hugo L. Schneider, Jr., but he declined to run in 1962 opening the way for Berning to move from the County Board to the Treasurer's post.

Lunn has indicated he will make the run this year and is reportedly already sounding out committeemen for help in winning the Republican nomination.

Since Berning established the precedent of moving from the County Board to the County Treasurer's office considerable sentiment has developed to continue the program and Warren Supervisor Robert Depke has been mentioned as a strong possibility.

So far Depke has kept quiet about his plans, but he is one of the most active of the young supervisors—and has managed to get considerable publicity about his board activities, a boon to any budding campaign.

A new name in the County Treasurer shadow-boxing, but a familiar name to followers of Republican politics is Robert F. (Si) Williams, now in his fourth term as

Your Congressman
Reports....
By Cong. Robert McClorv

One of the most valuable and rewarding experiences for a college student interested in public affairs is to serve as a summer Congressman intern. Political science as taught in the classroom by a professor who has never served in public office is quite different from the "political science" learned in and about our nation's capital.

The practice of hiring a Congressional intern has been followed each summer since this Member was elected in 1942. This was accomplished within the authority of staff limitations and allowances. Recently, the U. S. House of Representatives provided specific authority for Congressional interns and allocated the sum of \$750 per Member for payment of salaries during the 10-week summer vacation period.

Even before passage of this measure (H. Res. 416), arrangements had been concluded for two summer Congressional interns to serve in the office of this Member of Congress. These two young men—John Sterling of Crystal Lake and John O'Meara of Waukegan—will be very much in evidence to constituents who visit Washington during July and August.

These much-sought-after summer jobs as Congressional interns bear no resemblance to a holiday. The hours are long, the research and other detail work is exacting and some of the duties are menial and arduous. Fortunately, many opportunities exist for attendance at interesting House sessions, committee meetings, independent agency briefings and even social events. But sorting mail, typing and operating other office machines, reading and digesting reports and running routine errands help remind the college interns that the work of the Congress is not simply glamour and excitement.

In addition to the important service which Congressional interns may render, an effort is made to see that each receives the fullest benefit from his summer's experience in Washington. Serving as guide to visitors helps acquaint them with the Capitol and the rich history of our Congress. Occasional conferences with this Member of Congress enable them to learn first hand about the various legislative problems and how they are resolved.

The government of this nation soon will rest in the hands of men and women now in college. The opportunity to observe that a government in action is an important part of the preparation of these young people for the heavy responsibilities which lie ahead. Some of the summer interns now working in Washington may become important members of Congressional staffs some day. Others, indeed, may become Congressmen.

Waukegan City Treasurer. Williams has long been active in GOP campaigns and has proven himself to be a formidable vote-getter in Waukegan.

His only excursion into county-wide campaigning came several years ago in the wide-open race for State Representative, but he has many strong contacts through his efforts on behalf of other candidates.

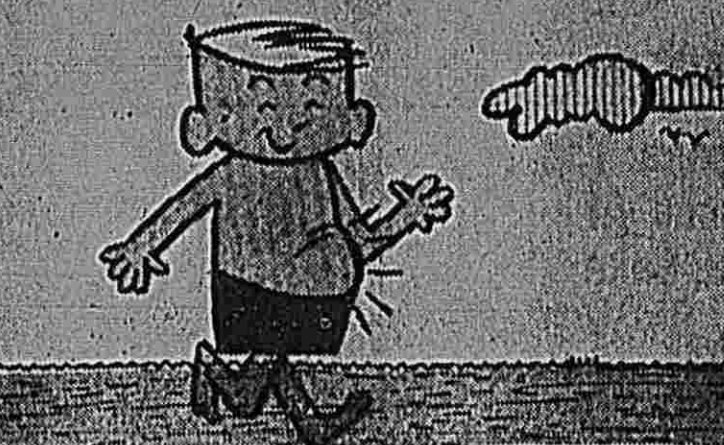

County Clerk Gar Leaf, who has held three elective county offices during his long county service, will undoubtedly seek re-election, but he probably won't get a free ride despite the absence of solid opposition at this time.

They were still using the Guffey Reader in Lake County Schools, according to legend, when County School Superintendent W. C. Petty first picked up the reins and there was a wide-spread belief that this would be his last term in office.

However, in recent weeks there have been reports that he would be willing to continue in office if there was

Junk cars messing up the landscape is one of the big problems of the day. Some old, renovated cars are the pride and joy of their owners.

Antique car buffs labor long and lovingly on restoring their vintage automobiles.

Some of the finest will be exhibited at a competition at Greenfield Village in Dearborn, Michigan.

Lincoln owners will gather at the Museum of Americana at Greenfield Village on July 31. The Model A Restorers' Club will hold its national rally there from August 6 to 8. Rolls Royce owners will gather from August 19 to 22. The Old Car Festival from Sept. 11 and 12 will be the biggest show of the year.

WHAT'S JUNK? The question of what constitutes junk was discussed at the last village board meeting. Police Chief Jack Heick would have liked an ordinance which would make it possible for him to clear up some of the junk cars littering up the landscape and infuriating neighbors.

One man's junk is another man's treasure, some of the board members declared. Dave Nissen pointed out that today's junk may be tomorrow's heirlooms. Witness the painstakingly rebuilt old cars of yesteryear, now prized exhibition pieces.

The right of a man to keep what he wants on his own property also entered into the discussion—a tenet that's somewhat out of place in this day of zoning.

Anyway, no junk car ordinance. But looking through old ordinances, Clarence Shultis and Arthur Meierdick came up with some honeys from just before and after 1900. One ruled that cows must be off Main St. by 5 p.m. Another declared that there shall be no speeding over ten miles an hour on Main St. This one also laid down rules of conduct for the motor-car driver meeting up with horses on streets—stop and pull over to the side of the road till they pass so as not to frighten the animals.

Proving that it's pretty hard to identify junk (we're back to junk), have you ever gone to one of the auctions out at the Bargain Barn on North Avenue? It's worth a trip just to listen to the auctioneer. Some strange and wonderful articles are put up for sale, along with the normal, everyday things like irons, toasters, etc.

A nice lady from the Lake County Tuberculosis Association pointed out a slip of the typewriter in last week's editorial about the Association. Miss Ryan Becomes Bride Of Norman Brecheisen

Mr. and Mrs. Norman R. Brecheisen

Miss Cynthia Noel Ryan became the bride of Norman R. Brecheisen in a double-ring ceremony at St. Peter's Church in Antioch at 3 p.m. Saturday, June 19.

Miss Ryan is the daughter of Mr. and Mrs. McDermott E. Ryan, 156 Oakwood Drive, Antioch. Mr. Brecheisen is the son of Mr. and Mrs. Rolland E. Brecheisen of 1917 30th St., Kenosha, Wis.

The Rev. Lawrence Hanley officiated at the service. The bride was given away by her father. The bride's floor-length gown was of white organza over taffeta. It featured a Watteau train, short sleeves, and a portrait neckline accented with Venice lace. Her chapel-length veil fell from a cap style headpiece of the same lace as that which trimmed the dress. The veil and headpiece were designed by her mother. She carried a cascade bouquet of snow-

drift mums, stephanotis and ivy.

Talks With The Stars

During rehearsals of Music Man, our inquiring reporter caught the stars of the show, Wes Camm, who plays Harold Hill, and Maja Cardiff, who plays Marian—and asked them a few questions she thought might interest her readers.

Q—How about a short life history?

A. WES—I was born in LaCrosse, Washington, lived on a ranch, was in the Marine Corps, attended Washington State College, am now a Real Estate Rep for Standard Oil, residing in Antioch on Parkway with my wife, Louise, a P.M.&L. member, and my three children.

MAJA—I was born in Cook, Minnesota, moved to Evanston, Ill. I did secretarial work until I married. I've lived in Antioch four years, now on Main Street, with my husband Don and

was elected vice president of the Lindenhurst Women's Club at last Thursday's meeting. She will serve the unexpired term of Mrs. Donald Bogda, who resigned. Mrs. Gibbons accepted the chairmanship of the Fashion Show that Mrs. Bogda had headed. It is scheduled for October 20. On the committee with her are Mrs. Ray Caldwell, Mrs. Ray Parpan, Mrs. Jerry White, Mrs. Douglas Ploss, Mrs. Ed Jones, and Mrs. Jenny Volpentesta.

Party
Twelve couples attended a party for John Gibbons Saturday evening at the home of Mr. and Mrs. Donald Jones of Libertyville. John is being transferred from the Libertyville office of the North Shore Gas Company to the Winnetka office and it was a farewell party from his co-workers and their wives.

Fish Fry
Hilda Huntington didn't catch the mess of fish she thought she would on her fishing trip in northern Wisconsin recently. But she did catch around 200, and that isn't bad. She had 15 children most of whom were the cub scouts in her den, for a fish fry last Friday night. The overnight camp-out didn't take place, on account of the rain off and on all day Friday. They will have it later.

Skating Party
Boy Scout Troop 84 is having a skating party Tuesday, July 27, at the Antioch Roller Rink, starting at 6:30 and lasting until 9:30 p. m. It will be a family affair. Skating will be free for the scouts and only 30c for guests.

Achievement Day
The Lindenhurst Daisies 4-H Club held their annual Achievement Day last Wednesday at St. Mark Lutheran Church, where they hold their meetings.

Kathy Jones was MC for the program that followed. Talks were given by the chairmen. Carol Orbank spoke about tours; Debbie Jones, food; Joan Bywell, Share the Fun; and Kathy Jones, booths.

Carol Orbank demonstrated how to make deviled eggs deluxe. Debbie Jones demonstrated how to lay a pattern on the grain and the straight of a material. Jean Bywell showed how to make a lattice pie. And Terry Walsh talked on gathering material.

Linda Bywell was narrator for the style show. The girls modeled skirts and shifts that they had made. The clothes will be exhibited at the Lake County Fair July 28 through August 1.

my five children, the youngest being twins.

Q. Do you have any previous theatrical experience?

A. WES—Yes, I played Sky Masterson in Guys and Dolls, and was also in the Thurbur Carnival and Gold in the Hills at P.M.&L.

MAJA—Yes, I was in Nothing Ever Happens. All For One, Stage Door, Arsenic and Old Lace, George Washington Slept Here, The Lottery, and The Student Prince.

Q. Which is your favorite part?

A. WES—I just like being on stage, all parts are equally enjoyable.

MAJA—I like them all, especially the girl in Stage Door.

Q. Which was your most difficult part?

A. WES—The part of Harold Hill in Music Man. There seems to be so much more to remember, movements, script, and I find talking to music more difficult than singing.

MAJA—The woman in The Lottery.

Q. Which song in Music Man is your favorite?

A. WES—You Got Trouble, although it isn't actually a song, it takes a mouthy individual like myself who talks fast and says nothing to do it. Otherwise I like Seventy-six Trombones.

MAJA—My White Knight, and I also like Till There Was You, since coincidentally that was my husband's and my song when we were going to get her.

Q. What was your most frightening moment on stage?

A. WES—On opening night of Guys and Dolls, when Al Bucar said by first lines before I could.

MAJA—In Nothing Ever Happens, I wasn't nervous at all until I noticed my hand shaking, then I decided I must be.

Q. Do you have any other hobbies besides PM&L?

A. WES—Both my sons are baseball enthusiasts, so I coach a Little League and Babe Ruth team.

MAJA—Sewing and painting.

Q. Have you ever cracked up on stage?

WES—Again I must give Dr. Bucar credit. I really broke up in Gold in the Hills when instead of telling me to "Arrest that man, Constable," he sneered, "Go get 'em Tex."

MAJA—Not really, but I've got my fingers crossed.

Q. Do you think everyone should see Music Man?

A. WES—Yessir! That is if there are any tickets left after my relatives and tomato-laden enemies get theirs.

MAJA—Certainly, if only to see Ken's accomplishment in getting so many people on our small stage.

Six Nursing Bills Passed By Assembly

Passage of six nursing bills during the closing days of the Illinois legislature "signals the most important advance in nursing care and public protection in 15 years," declares the president of the Illinois Nurses' Association.

"When enacted, these measures will help boost the supply of nurses needed in Illinois and help assure the public of safe nursing care," explained Josephine A. Brandt, director of nursing at Moline Lutheran General Hospital.

"INA has long supported revision of the outdated nursing act, and we are pleased that bi-partisan support in the legislature successfully carried them

Talks With The Stars

During rehearsals of Music Man, our inquiring reporter caught the stars of the show, Wes Camp, who plays Harold Hill, and Maja Cardiff, who plays Marian—and asked them a few questions she thought might interest her readers.

Q. How about a short life history?

A. WES—I was born in LaCrosse, Washington, lived on a ranch, was in the Marine Corps, attended Washington State College, am now a Retail Rep for Standard Oil, residing in Antioch on Parkway with my wife, Louise, a P.M.E.L. member, and my three children.

MAJA—I was born in Cook, Minnesota; moved to Evanston, Ill. I did secretarial work until I married. I've lived in Antioch four years, now on Main Street, with my husband Don and

was elected vice-president of the Lindhurst Women's Club at last Thursday's meeting. She will serve the unexpired term of Mrs. Donald Bogda, who resigned. Mrs. Gibbons accepted the chairmanship of the Fashion Show that Mrs. Bogda had headed. It is scheduled for October 20. On the committee with her are Mrs. Ray Caldwell, Mrs. Ray Parpan, Mrs. Jerry White, Mrs. Douglas Ploss, Mrs. Ed Jones, and Mrs. Jenny Volpentesta.

Party

Twelve couples attended a party for John Gibbons Saturday evening at the home of Mr. and Mrs. Donald Jones of Libertyville. John is being transferred from the Libertyville office of the North Shore Gas Company to the Winnetka office and it was a farewell party from his coworkers and their wives.

Fish Fry

Hilda, Huntington didn't catch the mess of fish she thought she would on her fishing trip in northern Wisconsin recently. But she did catch around 200, and that isn't bad. She had 15 children most of whom were the cub scouts in her den, for a fish fry last Friday night. The overnight camp-out didn't take place, on account of the rain off and on all day Friday. They will have it later.

Skating Party

Boy Scout Troop 84 is having a skating party Tuesday, July 27 at the Antioch Roller Rink, starting at 6:30 and lasting until 9:30 p.m. It will be a family affair. Skating will be free for the scouts and only 30c for guests.

Achievement Day

The Lindhurst Daisies 4-H Club held their annual Achievement Day last Wednesday at St. Mark Lutheran Church, where they held their meetings.

Kathy Jones was MC for the program that followed. Talks were given by the chairmen. Carol Orbank spoke about tours; Debbie Jones, food; Joan Bywell, Share the Fun; and Kathy Jones, booths.

Carol Orbank demonstrated how to make deviled eggs deluxe. Debbie Jones demonstrated how to lay a pattern on the grain and the straight of a material. Jean Bywell showed how to make a lattice pie. And Terry Walsh talked on gathering material.

Linda Bywell was narrator for the style show. The girls modeled skirts and shifts that they had made. The clothes will be exhibited at the Lake County Fair July 28 through August 1.

my five children, the youngest being twins.

Q. Do you have any previous theatrical experience?

A. WES—Yes, I played Sky Masterson in Guys and Dolls, and was also in The Thirder Carnival and Gold in the Hills at P.M.E.L.

MAJA—Yes, I was in Nothing Ever Happens. All For One, Stage Door, Arsenic and Old Lace, George Washington Slept Here, The Lottery, and The Student Prince.

Q. Which is your favorite part?

A. WES—I just like being on stage, all parts are equally enjoyable.

MAJA—I like them all, especially the girl in Stage Door.

Q. Which was your most difficult part?

A. WES—The part of Harold Hill in Music Man. There seems to be so much more to remember, movements, script, and I find talking to music more difficult than singing.

MAJA—The woman in The Lottery.

Q. Which song in Music Man is your favorite?

A. WES—You Got Trouble, although it isn't actually a song, it takes a mouthy individual like myself who talks fast and says nothing to do it. Otherwise I like Seventy-six Trombones.

MAJA—My White Knight, and I also like Till There Was You, since coincidentally that was my husband's and my song when we were going together.

Q. What was your most frightening moment on stage?

A. WES—On opening night of Guys and Dolls, when Al Bucar said by first lines before I could.

MAJA—In Nothing Ever Happens, I wasn't nervous at all until I noticed my hand shaking, then I decided I must be.

Q. Do you have any other hobbies besides P.M.E.L.?

A. WES—Both my sons are baseball enthusiasts, so I coach a Little League and Babe Ruth team.

MAJA—Sewing and painting.

Q. Have you ever cracked up on stage?

WES—Again I must give Dr. Bucar credit, I really broke up in Gold in the Hills when instead of telling me to "Arrest that man, Constable," he sneered, "Go get 'em Tex."

MAJA—Not really, but I've got my fingers crossed.

Q. Do you think everyone should see Music Man?

A. WES—Yessir! That is if there are any tickets left after my relatives and tomato-laden enemies get theirs.

MAJA—Certainly, if only to see Ken's accomplishment in getting so many people on our small stage.

SERMON AT CHRISTIAN SCIENCE CHURCHES
The Lesson—Sermon in Christian Science churches this Sunday is on the subject of "Life." It describes the nature of man's spiritual life as an idea which exists forever in the divine Mind. The Golden Text is from Proverbs 16: "Understanding is a wellspring of life unto him that hath it."

The readings will also include this passage from the Christian Science textbook: "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 487).

Six Nursing Bills Passed By Assembly

Passage of six nursing bills during the closing days of the Illinois legislature "signals the most important advance in nursing care and public protection in 15 years," declares the president of the Illinois Nurses' Association.

POLLUTION BILLS NOW LAW

Gov. Otto Kerner has signed into law Senate Bill 468, making Illinois and Indiana the first states in history to enter into an interstate compact for the abatement of air-pollution.

Identical bills forming an Interstate Commission on Air Pollution were presented in both the Illinois General Assembly and Indiana General Assembly earlier this year. In Indiana the bill has passed the legislature and been signed into law by Gov. Roger Branigin.

"This legislation marks another milestone along the route of voluntary cooperation that Illinois and its neighbors have been following to solve the joint problems that face us," Gov. Kerner said. "I believe that the bill will be used as a guide for other states contemplating similar action."

Mark Frerks Fund Grows

The fund for little Mark Frerks, burned by the explosion of a gasoline can on June 3, is growing slowly, reports Charles Haling of Haling's Resort on Grass Lake.

The story about Charlie's fund in the July 1 edition of the Antioch News brought responses in the form of checks and cash. There's \$201 in the bank now to help the family pay the medical and hospital bills incurred by Mark and his mother, Betty. She was burned putting out the fire in Mark's clothes.

Mark's five years old. His family lives on Grass Lake Road. He's now at the Shriners Burn Institute in Cincinnati, Ohio. He's getting along well, Charlie says. Some skin transplants have been made, some successfully, some not. Mark will be at the Burn Institute from six months to a year.

"Mark needs blood even more than money," Charlie said. "Anyone willing to give some blood for Mark may do so at the Jacob Blumberg Memorial Blood Bank in Waukegan. Specify that it is for Mark Frerks."

Anyone wishing to make a donation to the Mark Frerks Fund should mail it to Charles Haling, Rte. 1, Box 205, Antioch, Illinois.

Quick, Mom, The Neckerchief

An idea which is at least a century old is regaining popularity today.

Campers, hunters, hikers and motorists using new type neckerchiefs imprinted with first aid instructions will be interested to know that somewhat similar triangular bandages were available to Union soldiers during the Civil War.

The safety department of a steel company began promoting the modern neckerchiefs a few months ago. American Iron and Steel Institute published an item about the development in Steel Facts. Civil War buffs saw the article and came forward with the antique "how to do it" bandage. Professor Spencer Wilson of Upsala College said it was found by one of his students in an attic. Wilson termed the illustrated bandage a rarity in the field of military relics.

Harris Breaks Tie With Victory at Wilmot Track

Duane Harris of McHenry, who started Sunday night's racing at the Kenosha County Speedway in Wilmot, tied for first place in point standings with Jim Lawrance of Bristol, won the feature race and a heat to pull away in point standings from Lawrance who was in fourth position at the finish of the hotly contested 25 lap race.

Lee Weslawski of East Troy, Wis., started off in the lead of the feature, but he was caught by Rodger Otto of Burlington on the 11th lap. Meanwhile Harris worked his way up from 9th spot at the start to third on lap 8.

Rodger Otto hung on for second in the exciting race with Jim Sullivan coming from 10th starting spot to finish third ahead of Lawrance and Chuck Uttech. Harris averaged 54.35 mph to score the fastest feature race time of the season.

In the heat races, Russ Reynolds of Racine, Don Erickson of Milwaukee, Jim Sullivan of Antioch, and Harris were the winners with Harris scoring the fastest time, averaging 53.10 m.p.h.

The 15 lap semi-feature was the thriller of the night of racing battles as Russ Reynolds lead from wire to wire but was pushed hard for the lead by first Bill Kline of Burlington and finally Robert Ratajczyk of Waukegan, who had started far back in this race. Had there been another lap in this race, it might have had a different winner. At one point, while in the lead, Reynolds' car lost a wheel and he collided with Kline who was trying to move around. The two cars came to a stop right in the middle of the track, making a restart necessary. They put a new wheel on Reynolds' car and he was able to restart and hang onto the lead but the drive of Ratajczyk's as he tried for the win was the action that had the fans screaming and standing for the last three laps of the race.

In the spectator racing, Dick Kaimen of Kenosha in the Brutish De Soto won one heat race while Allen Gutche of Kenosha won the other. Dale Coats of Round Lake won the spectator feature after a thrilling battle that had fans staying right through to the checkered flag for the finish of this one.

Larry Ayers of Sturtevant and Fred Duncan of Round Lake were each victims of flips in two separate sequences of action on the track in this race. Both cars came to rest on their tops and both drivers crawled out unhurt. However, the car of Ayers caught fire as it was being turned over by crew men and had to be quickly extinguished. Little damage was suffered by either car. The attendance was 3655.

Teal Hunters Need Special Permit

Hunting will be permitted on all state-owned areas managed for duck hunting during the early fall teal season, the Illinois Department of Conservation has announced.

The two Southern Illinois areas maintained for Canada geese, Horseshoe Lake north of Cairo and Union County at Ware, will be closed to teal hunting.

All federal lands along the Mississippi and lower Illinois Rivers managed for duck hunting by the Department of Conservation under agreements with the U. S. Corps of Engineers and the U. S. Fish and Wildlife Service will be open for teal hunting. Federal refuges will be closed.

Blue-winged and green-winged teal only may be hunted in Illinois from Sept. 18 to Sept. 26, inclusive. Hunters must have a special permit in their possession when hunting teal in addition to a valid hunting license and a 1965 federal migratory waterfowl stamp.

The permit is free and is available to anyone but no applications will be accepted if they are postmarked later than July 31. The hunter's name, address and county of residence must be included in the application. If the hunter has a blind on an area managed for waterfowl hunting by the Department of Conservation, he should include the name of the area and his blind number. Applications should be mailed to the Illinois Department of Conservation, Division of Game Management, 102 State Office Bldg., Springfield, Ill., 62706.

Packers Keep Record Clean In First Tournament Game

Casey's Packers retained their unblemished record of 17 wins and no losses after a crucial game at the Golfview diamond last Saturday.

The game was part of the Jim Grogan Memorial tournament. Going into the bottom of the sixth inning, Casey's boys looked a very ragged and beaten team, with the score at 4-0, Joe's Lounge leading.

A line single by Dick Goding started off the Packers' half of the inning, followed by a double to left center by Frank Heiselman, scoring Goding.

Wolf walked, and Doyle reached base on an error, filling the bases. Ring's single to center scored two more runs, with Don Pyles driving in the tying and the winning run with a single up the middle. That was all the Packers needed to wrap up the first triumph in the Grogan Tournament.

The Packers will play Nick's Lounge next Saturday at 5 p.m. at Golfview, their next tournament game.

Little League World Series Starts Soon

Eliminations in the preliminary play for the World Series will start next Wednesday at the Antioch Little League Park.

The Antioch Little League will play the team from the Skokie VFW. This is the first pairing which will eventually lead to the World Series game at Williamsport, Pennsylvania in August.

There will be regionals, sectionals, state and World Series play. The winner of next Wednesday's game will meet Mundelein on July 23.

The team which will play in the preliminary will be chosen from all the Little League players. Each manager will select the "best" players on his team, teams will be matched up and compete in the elimination process for an All-Star team. Eventually, a squad of fourteen boys will be chosen for the World Series preliminary.

ANTIOCH'S TOM ANDERSON carries the checkered banner of victory around the Waukegan Speedway after a near photo-finish victory over Bill Ansell in last week's semi-feature event. An elicit Anderson swept both Ansell and Darv Nissen when a tangle slowed the two leaders.

Cossman Edges Burgan In Speedway Thriller

Jim Cossman took an early lead in the Waukegan Speedway feature Saturday night, but had to hold off the constant challenges of the point leader, Dennis Burgan, in the final six laps. Three spectacular flips chilled the fans earlier in the night's activities.

Sonny Rivers burst into the lead for the opening two laps of the 20-car feature event. In the third lap, Cossman spurred into the lead with Jim Luther and Burgan in close pursuit. Two laps later Rivers rolled his Chevy convertible when a rear tire blew. In the ninth lap Burgan, guest driving Willie Winchester's Ford, slipped into second place. Then in the final six laps, Burgan duelled Cossman bumper to bumper and fender to fender, finally dropping back several car lengths in the last lap as the leaders lapped other cars. Luther finished a close third.

Earlier in the evening Cossman, Burgan and Luther had all experienced mechanical trouble which forced them out of some of the preliminaries. Cossman broke a sway bar in the trophy dash, Burgan lost a transmission in his heat race and Luther broke a rear axle in his heat. Fastest qualifier John Hood and dash-winner Odell Jones also experienced problems, both missing the feature.

Two Jalopies in Smashing Roll-Overs

In the first lap of the jalopy heat race, Ed Flynn took a violent flip in the midst of fifteen cars. Flynn's Chrysler rolled like a barrel through the first turn as several cars bumped him. Flynn was given first aid at the track and released. Later in the same race, Marty Chapman stood his Plymouth on its nose in another spectacular spill. Tom Reutter finally won that race and Mike Yeary won the figure 8 contest.

Midseason Championship Scheduled

Saturday night, July 24, the midseason championship events for late model stock cars will be contested at the Waukegan Speedway. Double championship points and the largest guaranteed purse of the season will be offered for these events, including the 35-lap feature.

Reimer Near Record At Waukegan Speedway

John Reimer powered by Jim Olet in the sixteenth lap and nearly set a new 25-lap mark Sunday night at the Waukegan Speedway in his familiar A-3 modified stock car. The night was highlighted by an action-packed first heat race that saw Harold "Mouse" Wade flip while challenging for the lead in the sixth lap.

Reimer moved up from the rear of the pack to catch the "Flying Frenchman," Olet, on the 14th circuit and burst into the lead after two laps of wheel-to-wheel combat. Reimer then scorched the track in near record time, in fact, he was clocked at 16.00 seconds in the 20th lap, setting a new all-time one lap low at the Speedway. His total time was only .70 of one second short of the 25 lap record. Bob Anzinger of Antioch held on for third spot. Action started early as Buck Hasenburger and Chuck

Tigers Lead Little League With 7-2

The Gray Division of the Antioch Little League was the winner over the White Division in the All-Star game played July 4.

The winning pitcher, Dale Dvorak, hit a home run to help run the score up to Grays, 15, Whites, 6. The Gray Division had 10 hits and six errors, the Whites 9 hits and four errors.

the Cubs, Sox and Giants teams; the Whites came from Tigers, Yankees and Dodgers teams.

PITCHES SHUT-OUT

Winning pitcher Jeff Smith had a no-hitter to his credit after the July 8th game between the Tigers and the Dodgers.

Three home runs in one inning contributed to a 15-0 score and caused the game to finally be called due to a new 15-run rule.

The Tigers were the big scorers. Jim Revell connected for two homers, and Mike Ricker and Brian McCarthy also slugged long ones.

Mike Lindstrom was the losing pitcher.

The Tigers had 15 runs, 10 hits and 3 errors. The Dodgers had no runs, no hits and 5 errors.

The 12-year-old All Stars defeated the 11-year-old All Stars on Saturday, July 10. Final score was 5-0.

Inman was the losing pitcher. Chip Gross and Jim Revell got the only hits for the 11-year-olds. The 12-year-olds had 7 hits and no errors, the 11-year-olds 2 hits and 1 error.

Rifles Open Season With Benefit Game

Lake County football fans glimpse of the Lake County Rifles on Saturday afternoon, August 14 when the team will stage a benefit intrasquad game on Libertyville High School's football field in Libertyville. The proceeds of the attraction will go to the Libertyville Boys Club.

In announcing this benefit, General Manager Bob Amann said, "This will be a dress rehearsal for our Central States League opener on August 21 at Waukegan against Sheboygan and it also will enable the local football fans to acquaint themselves with our players."

After this game, club officials plan to cut the rifle roster to squad size of from 36 to 40 players.

Many of the Rifle recruits are presently working out three nights each week with unorganized practices. The first official practice is slated for July 19.

It also has been learned that Amann expects to make an announcement within the next several weeks concerning the possible addition of a well-known all-pro football player to the Rifle organization.

The police traffic bureau in Wakefield, Mass., has put up signs reading, "Smile, you're on radar."

First Church of Christ Plans New Church Center

Officers of First Church of Christ, Scientist, 955 Victoria St., Antioch, have been notified of sweeping new plans to construct a 15-acre "church center" for the expanding world headquarters of the Christian Science movement. The announcement came in the form of a letter to the local church officers from the Board of Directors of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The letter said that the Church's new headquarters center could "no longer be postponed" in order to meet the needs of its expanding activities.

A master plan—prepared for the Church by a leading firm of architects and city planners, I. M. Pei and Associates of New York—also covers an additional 16 acres of personally church-owned land around the "center."

On this surrounding land the plan calls for leases of private re-development to construct 3,500 new middle-income apartment units plus retail shops, office space, improved pedestrian ways and underground parking facilities.

Cost of this privately developed phase is figured at \$63,000,000 or more. The total project—combining both church and private sectors—covers 31 acres and would be constructed in stages over a period of 6-10 years.

First in line for construction is the \$8,000,000 "church center" expansion—including a new 22-story Administration Building, with 7 acres of open landscaped area and a 600-car underground garage.

Expansion room is also planned for the existing Christian Science Publishing House—which now issues periodicals in 13 languages besides books, records, and a daily newspaper, The Christian Science Monitor.

Focal point of the entire center will continue to be the original Edifice (built in 1894) and its domed extension, (completed in 1900)—generally recognized to be among the world's great church buildings. They were built under the leadership of the movement's Founder, Mary Baker Eddy, and remain in use for church services, public lectures, the Annual Meeting of members, college student conferences, and many other church activities.

Location of the project is a large triangular plot in Bos-

Open First Highway Comfort Station

The first of 64 comfort stations to be erected in rest areas along the 1,032-mile Interstate highway system in Illinois has been opened for the convenience of the motoring public.

The station is located along the southbound lanes of Interstate 55 about eight miles northeast of Springfield. Another comfort station along northbound lanes of Interstate 55 is nearing completion in the vicinity. Primary purpose of developing the rest area sites is to provide the many thousands of drivers a safe and comfortable haven away from high speed traffic where they can relax during long distance travel. One complete set of facilities will be provided on each side of the highway at locations on the Interstate system throughout the state.

Other areas where rest fa-

cilities will be developed are, by counties:

IN MEMORIAM

In memory of our beloved husband and loving father, Robert Pincombe, who passed away one year ago. I cannot say, and I will not say,

That he is dead, he is just away!
With a cheery smile, and a wave of the hand,
He has wandered into an unknown land,
And left us dreaming how very fair

It needs must be, since he lingers there;
And you, O you who the wild-est yearn
For the old-time step and the glad return,
Think of him faring on, as dear

In the love of there as the love of here;
Think of him still as the same, I say,
He is not dead—he is just away!

Mrs. Margaret Pincombe
and Family

(3c)

We wish to thank the Antioch Rescue Squad and all the very fine Antioch area friends of our mother and grandmother, Elizabeth Strahan, who have been so helpful and considerate during our recent bereavement.

Family
and
Lillian C. Mico Family
